

New Culture™ headsets

Everyone deserves

Sennheiser Sound

Sennheiser is one of the world's leading manufacturers of headphones, microphones, wireless transmission systems and high-quality headsets for both business and entertainment.

Drawing on the electro acoustics expertise of Sennheiser and the leading hearing healthcare specialist William Demant, Sennheiser Communication's wireless and wired headsets for contact centers, offices and Unified Communications professionals are the result of Sennheiser's leadership in sound quality, design, wearing comfort and hearing protection.

Sennheiser SC 30/60 USB CTRL and SC 30/60 USB ML
4 new additions to our growing range of UC enabled headsets

A quality user experience can improve Unified Communications adoption and performance

New Culture™ headsets: SC 30 USB CTRL and SC 60 USB CTRL are compatible with all major softphone brands, and SC 30 USB ML and SC 60 USB ML versions are optimized for Microsoft® Lync™. All Culture™ headsets offer Sennheiser HD voice clarity for a more natural listening experience, quality sound and comfort – something you will notice immediately.

To smooth the change from traditional systems to Unified Communications, high quality, easy to use tools offer a richer and more rewarding experience, which makes transition simpler and more productive. Combine this with plug and play implementation, and you have the ideal deployment headset.

Key Features and Benefits:

- Sennheiser HD voice clarity – wideband sound for a natural listening experience
- Noise cancelling microphone filters out ambient noise for optimum speech clarity
- Large, very comfortable ear pads for long term use
- Ultra lightweight headset for increased comfort
- ActiveGard™ technology provides protection from acoustic shock and sudden sound surges

Call control unit:

- Answer/End a call
- Volume up/down
- Microphone mute
- Redial last outgoing call
- Reject call (for SC 30 USB CTRL and SC 60 USB CTRL only)

Culture™ SC 30 USB CTRL SC 60 USB CTRL

Optimized for softphones

Deployment-friendly, wideband headsets optimized for all major softphone brands. With Sennheiser HD voice clarity, integrated call control unit and USB connector, they offer full functionality and convenience when connected to your VOIP software. These headsets are designed for users who require HD voice clarity and maximum call-handling flexibility when working in Unified Communications environments.

Culture™ SC 30 USB ML SC 60 USB ML

Optimized for Microsoft® Lync™

Deployment-friendly, wideband headsets optimized for Microsoft Lync. With Sennheiser HD voice clarity, integrated call control unit and USB connector, they offer full functionality and convenience when connected to Microsoft Lync. These headsets are designed for users of Microsoft® Lync™ who require HD voice clarity and maximum call-handling flexibility when working in Unified Communications environments.
