

Yealink

BH71

Mono Bluetooth Headset Series

Free to talk anywhere

The Yealink BH71 Bluetooth Wireless Headset Series, the entry-level BH71, the essential one BH71 Pro, and the Premium BH71 Workstation & BH71 Workstation Pro are new generation headsets, combining an ultra light-weight design with a powerful voice communication performance.

They are dedicated to hybrid workers and business travelers with the mono headset form and small carrying box. Besides providing users with an immersive voice communication experience, the multi-functional UC Workstation also bring enhanced features that help users to redefine their workspace in terms of boosting productivity and work flexibility.

If you need assistance or have questions, please contact us via Hsinfo@yealink.com

CHOCOLATE-SIZE AND WEIGHT

Small & Portable for Anywhere

Light to less than 100g, small as a piece of chocolate, the BH71 series is easy to take with no burden compared with traditional business headsets. Anytime when you need to go, just take it, and go.

 10 hours

 20 hours

30 HOURS OF ULTRA-LONG TALKING TIME

Not a Day, But a Week

Are you worried about staying connected throughout the day and anxious about charging in traveling? Yealink BH71 Series rewrite the battery efficiency of a lightweight headset with 15 hours of performance by the earpiece and extra 20 hours of battery life with the power box.

It's time to pick a headset that facilitates continuous talking.

*Extra 20hs of powering box is included

*Only BH71 Pro and BH71 Workstation Pro include the charging case

ALL-IN-ONE UC WORKSTATION

Redefine Your Workspace

All Devices in One

The UC Workstation combines a full-duplex speakerphone, dual USB hubs, a wireless charging stand, and a control pad for call control and device connections. It helps consolidate the things you need for your daily routines, and cut down the complicated cabling at your desk, providing more possibilities and convenience for collaboration.

All Connections in One

Built-in Bluetooth and USB connections allow the UC Workstation to connect 3 devices simultaneously, from PCs to mobile phones and desk phones. You can easily manage calls and meetings on the UC Workstation.

All Control in One

Manage devices connections, control calls, or change your preference settings all on the 3-inches touch console with the intuitive user experience. Users can easily the answer, hold, mute calls, or switch calls between multiple devices, or continue a conversation on the speakerphone with one touch.

The Yealink BH71 UC Workstation is more than a single base, it eases the management of business communication demands and other USB devices. It also delivers great flexibility with a set of integrated features to facilitate your daily routine. It is professional, collaborative, and available.
